# Ultra Brightening Essence

Our Skin Glowing Recipe  
Behind the  
Science & Ingredients

- This Native Australian KakaduPlum, also known as “Superfruit” – due to its extraordinary antioxidants compositions
- The World's Natural Source of Vitamin C with the richest vitamin C content, up to about 100 times more than an orange
- Free Radical Scavenger that fight & protects your skin against oxidative stress

- Boost skin radiance and luminosity
- Improves skin tone evenness
- Stimulates collagen & hyaluronic acid synthesis that helps in reduction of wrinkles' appearance

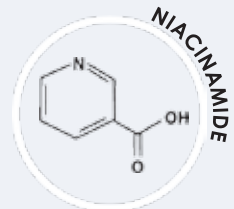

Triple targeted skin brightening action :

1. Inhibit tyrosinase activity
2. Interrupt melanogenesis
3. Lighten melanin on skin's surface

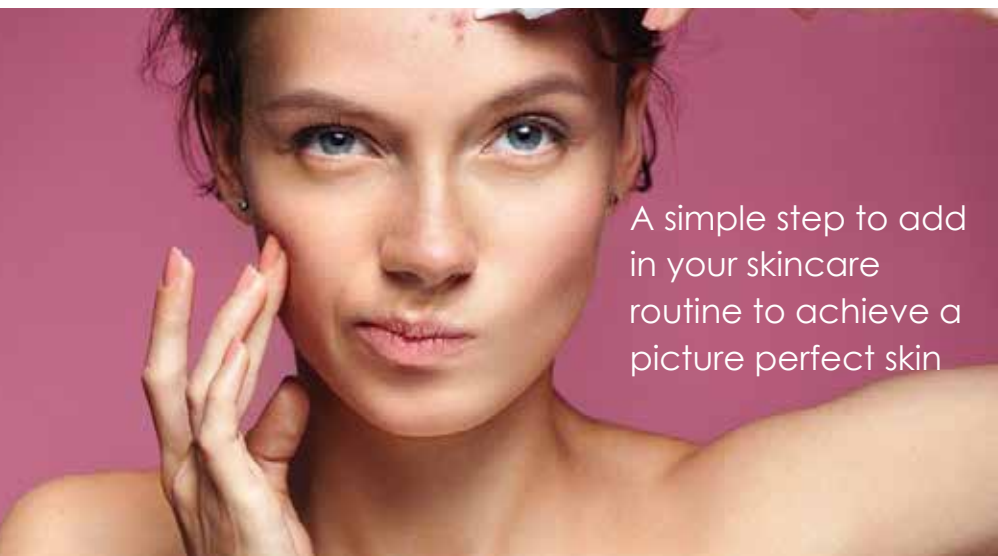

- The mode of action : Efficiently block tyrosinase, and hence inhibit the reaction chain of melanogenesis
- Result: diminishing post acne scar, pigment and even out skin tone

- The WORLD TRUSTED ingredient that suitable to use for people of all ages and all skin types
- Protecting UV-Stressed skin
- Rebalance pigmentation
- Refine pores
- Improve skin elasticity

## Ultra Clear-Acne

A simple step to add in your skincare routine to achieve a picture perfect skin

### Acne Skin ?

Acne is a skin condition commonly due to excess sebum production and irregular shedding of dead skin cells. Excessive sebum can cause facial shine and lead to non inflamed comedones and inflammatory acne lesions. Excessive sebum production also responsible for enlarge facial pores.

Improving your skin condition over the course of

This **6-IN-1** formula is gentle yet effective product for daily usage that target mild-to-moderate acne issues.

The combination of a potent lineup of salicylic acid, red onion extract, niacinamide, allantoin and dipotassium glycyrrhizate help to

- ✓ **unclog pores**
- ✓ **anti-inflammation**
- ✓ **antibacterial**
- ✓ **soothing & reduce post acne scars**

A stable, balance skin's **microbiome** can be maintained as well due to the additional of prebiotic in this product.

It helps to moderate the excessive sebum secretion whilst also moisturize your skin. The light weight, non-greasy formula aid in fast absorption, leaving your skin comfortable and fresh all day long.

# Ultra Clear-Acne

## Behind the Science & Ingredients

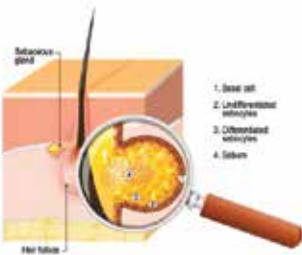

### EXFOLIATION (mechanical)

### Exfoliating + Unclog Pores

2% of Salicylic Acid act as the main exfoliator in your skin, helping sheds away dead skin. It is very effective in reducing breakout, whitehead and blackhead due its ability to penetrate into the pore lining and exfoliate inside the pores whilst the skin's surface. Pores feel clean day by day upon consistent usage.

### Sebaceous gland

### Regulate Excessive Sebum + Pore Size Reduction

Niacinamide (Vit B3) aids in regulation of sebum production. When the sebum is well-balanced, the P.acnes proliferation reduce, thus skin inflammation is minimized. Overall, your skin sebum production and inflammation reduce, slowly pores size visibly tighter.

### Pimple

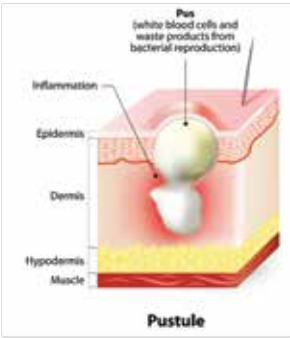

### Antibacterial

Red Onion Extract with anti-microbial activity with minimal stings effect on the skin. Your skin appearance will improves as the acne slowly reduce.

# Ultra Clear-Acne

## Behind the Science & Ingredients

### Anti-inflammation & Soothing

Thanks to the combination of Red Onion Extract, Dipotassium Glycyrrhizate & Allantoin, skin barrier is restored due to their anti-inflammatory & soothing properties. They also aid in wound healing and hence, scarring is reduced. The moisturizing effect from allantoin also prevents over drying during the treatment period.

### Balance Microbiome

Additional of natural prebiotic – Inulin in the formulation, it helps to restore a healthy microbiome balance (good bacteria). Overall skin condition improved, balanced, strong and healthier.

### Reduce Post Acne Scars

Niacinamide is the magic treatment for pigmentation. It tackles spots and post-acne scars without irritating your skin. Skin appears brighter with even skin tone.

# Ultra

## Anti-Wrinkle Booster

The Fountain of Youth  
Needle Free with Botox Effect

**5 Days** Visible Wrinkles Reduction

### Top Reasons Causing Wrinkles & Fine Lines

#### Aged Skin

When skin aged, the decrease in production of skin's natural oil will make your skin appear more wrinkled. The reduction of collagen synthesis in aged skin also cause the formation of wrinkles & fine lines

#### Dry Skin

Dry skin will reduce plump skin cells which lead to premature wrinkles & fine lines

### What is Peptide?

It is a short chain of amino acids, which is the foundation for proteins including collagen & elastin, making them essential for healthy, youthful skin.

# Ultra Anti-Wrinkle Booster

What Makes

## Acetyl Hexapeptide-3

Better than The Others Type of Peptide?

Have similar properties  
like **Botulinum Toxin**

Act on the same  
nerve-muscle connection  
like how **Botox** works on

The only difference is :  
**Botox** breaks the  
nerve-muscle connection  
that cause deadening of  
muscle, while this **peptide**  
**merely** inhibits the  
connection and hence it  
could relax the muscle

### Key Benefits of Acetyl Hexapeptide-3

- ❖ Prevent dynamic wrinkles from forming
- ❖ Stimulates collagen production
- ❖ Helps the skin retain moisture

# Ultra Anti-Wrinkle Booster

## **Sodium Hyaluronate VS Hyaluronic Acid**

- Hyaluronic acid is naturally found in our skin
- Sodium Hyaluronate is the salt form of Hyaluronic Acid

## **Why Sodium Hyaluronate Better?**

- Smaller molecular size which makes it penetrate deeper & better into skin layers
- Holds up to 1000X its weight in water

## **Key Benefits of Sodium Hyaluronate**

- Moisturize the Skin
- Decrease wrinkles depth & improve skin elasticity

## **Others Skin Hydrating Ingredients That Will Plump Up Your Skin**

Glycerin

Citrullus vulgaris  
(Watermelon) Fruit Extract

Sodium PCA

Pyrus malus  
(Apple) Fruit Extract

Lens Esculenta  
(Lentil) Fruit Extract

## Ultra Anti-Aging

### The Retinol Myths

#### When should I start using Retinol products?

- Start incorporate retinol in your skincare routine at your late 20s or early 30s
- This is the timeline where your skin start to produce less collagen or less rapid then our early years

#### How many percent of Retinol gives the best result?

- Many think it's best to jump right into the strongest formula, believing that this will give the better result
- However, for retinol, building a tolerance will have a better result

#### I am not suitable for Retinol products as I am SENSITIVE skin

- Many people think that retinol is a "harsh" ingredient, however with a little modification of formulation, people with sensitive skin still can enjoy its benefits

#### Can I apply Retinol product daily?

- Often, daily usage will give you the best result

#### Why my skin starts to peel or have redness, should I stop using?

- Retinol often give a "worst-before-better" type of situation. It will gives your skin slightly dryness, tightening, itchiness, peeling & redness, especially you first using it, normally this situation will last about 2 to 4 weeks
- However, NEVER STOP it, and your skin will thank you later

# Ultra Anti-Aging

---

So for those who are worried to start with their retinol routine, here the best solution for you, The **Ultra Anti-Aging Cream**

**Kick** start your retinol skincare routine with our Ultra Anti-Aging Cream that suitable for all skin type, including sensitive skin.
